MADISON COUNTY ATTOR-NEYS UNDER SERIOUS CHARGES.

Miss Ella Armstrong, of Rushville, Arrested in Fort Wayne for Forgery -Other State News.

Special to the Indianapolis Journal.

ANDERSON, Ind., May 15 .- Judge William S. Diven, of the Superior Court, who was appointed to this place by Governor Matthews when the court was established by the Legislature about a year ago, to-day exploded a legal sensation by appointing the law firm of Walker & Foster, one of | Hotel the leading firms in the city, to prepare suits in disbarment against Prosecuting Attorney D. W. Scanlan, his ex-deputy, A. L. Doss, of Elwood, and B. R. Call, a young attorney of Elwood. The suit is the outa proceeding brought by Doss in ludge Diven's court a few weeks ago asking an accounting of the fees received by Prosecutor Scanlan from the local courts of Elwood. During the trial the most damaging statements were made and several allegations of bribery on the part of those implicated. Doss represented Prosecutor Scanlan in Elwood and attorney Call acted for defendants where charges of bribery were alleged. Prosecutor Scanlan is a candidate for re-election, and says he courts the fullest investigation of the charges, and that Doss acted on his own responsibility and without the knowledge or consent of the prosecutor. This action has created no little comment on the part of the members of the Madison County Bar Association. It s less than a month since attorney Dean was sentenced to prison, but he is still a member of the bar.

A New Oil Field. Special to the Indianapolis Journal.

FARMLAND, Ind., May 15 .- Recent dements in the oil field north of here have again caused excitement among the farmers of that vicinity. After the developments last winter, which proved that to amount to \$500,000. No lives were lost. a fine quality of oil was under the farms of Dr. Nixon and Hamilton Pursley, several farmers between here and Redkey leased their lands to an Eastern syndicate, which has sunk several wells, each one showing strong indications of being good producing oil wells, but were capped over at the earliest possible moment. One well that was watched with great interest was drilled to a depth of 1,015 feet, when a good flow of oil was struck, and capped. hese mysterious movements on the part f the syndicate have led the people of that section to believe that there is a great oil basin immediately beneath their farms, and that it is being kept a secret by interested parties who hope to catch the farmers napping and obtain a batch of tween here and Redkey is convinced that the capping of the wells as soon as a certhat oil abounds plentifully under their farms despite the efforts of a certain company to keep it quiet. There is talk of or-ganizing several home companies among the farmers to sink test wells. Another Eastern company has leased a thousand acres in a body southwest of Farmland and is making preparations to sink several wells during the month of June.

Threw His Wife Out of Bed. Special to the Indianapolis Journal. KOKOMO, Ind., May 15.-Mrs. P. L. Thomas, of this city, is suffering from severe injuries inflicted in a singular manner. Wednesday Mr. Thomas, who is one of the assessors of this township, came home prostrated with the heat, having been in the plate glass factory all day assessing the ployes. The worriment and extreme heat of the day gave him a night of unpleasant dreams. He dreamed that his house was on fire, and in a fit of feverish somnambulism he grabbed up his wife, sleeping peace-fully by his side, and threw her out of bed with great violence. In the fall to the floor from over the footboard, which she cleared hout touching, Mrs. Thomas was severely bruised and sprained. Still asleep, Mr. Thomas then went to the bed of his six-year-old daughter, Cressie, took her in his

BROKE HER OWN RECORD.

Fast Time by the St. Paul from Southampton to New York.

NEW YORK, May 15 .- The American line steamer St. Paul, which arrived here tonight, broke her own record from Southampton to New York and almost equaled the one made by the steamer New York of the same line on Sept. 14, 1894. The time of the St. Paul's trip was six days, nine hours and five minutes, for 3,112.2 knots-an average of 20.34 knots an hour. The best previous record was that of the New York, which steamer made the passage in six days, seven hours and fourteen minutes, over the shorter course of 3.097 knots, her average speed being 20.15 knots an hour. The best day's run made by the New York was 515 knots, and now the St. Paul beats that by making 522 knots up to noon to-day. The remarkable part of the St. Paul's performance was that she was obliged to run at reduced speed on account of fog for a portion of the last three days. Her total time at reduced speed was twelve hours and fourteen minutes. Had the weather been clear there is little doubt that the best previous record would have been eclipsed.

HON. WARNER MILLER

SAYS HE IS NOT A CANDIDATE FOR VICE PRESIDENTIAL HONORS,

but McKinley Is His Second Choice-Wyoming Republicans.

NEW YORK, May 15 .- The World will tomorrow print the following signed statement by Hon, Warner Miller:

"I returned from a trip to the Adiron-dacks this morning and find that some of Governor Morton's friends are excited over the fact that some papers have mentioned myself as a candidate for Vice President on the ticket with McKinley, and also that the old and discarded story that I had visited Mr. Hanna and made arrangements with him has been revived. Ordinarily I would give no attention to a matter of this kind, but, under the circumstances, I think I may as well end them both at once. "To all of my friends who have asked my views in regard to being a candidate for Vice President I have replied that I was not a candidate, and would not be under any

possible conditions that might arise. I have not seen Mr. Hanna since last June, and I have had no communication direct or indireet; in short, Mr. Hanna has not attempted to buy my support for Major McKinley by offering me any position or other consideration whatever. I announced myself as supporting Governor Morton before many of his officious friends did so: I have also been instructed by the State convention to support Governor Morton's candidacy; I have done so, and shall continue to do so, but I want the Republicans of the State of New York, whom I have the honor in part to represent at St. Louis, to understand that I am not taking part in any canvass which has for its sole object the proposition 'anything to beat McKinley.'

"I have looked upon all the leading candidates heretofore mentioned as in every way competent and worthy to fill the exalted position of President of the United States, and the nomination of any one of them would receive my most cordial indorsement and support, but from my correspondence and connection with the Republicans of the interior of the State, I believe that a vast majority of them, after and second to Governor Morton's candidacy, prefer the nomnation of McKinley.

"I shall attempt to carry out the wishes that difficult circle, but friendships are not of the Republicans of the State of New always a passport. He was, in truth, a very York, and if the occasion shall ever arise rough diamond indeed, and he never seemed to have thought it worth while to conform to Major McKinley: I have known Major Mc-Kinley for nearly twenty years. The platform finally arranged and is intended to meet the wants of all factions. It therefore satisfies none. The convention was called to order at 10:30 o'clock, and the resolutions reported by the committee were adopted without change. Mr. Rosewater, who was in the audience, rose to defend himself and challenged Harvey to debate the money question with him at any time and place. Several times I doubted whether she would pull through, but thanks to her strong constitution she got better and after many weeks was about again. I noticed, however, that something was left in her throat which seemed to effect her. Then, too, she did not regain her old lively spirits. She was languid in her movements, she complained of being tired and meart, pale and sallow complexions, all forms of weakness either in male or female.
